# HANDOUT

## Downtown Teams in the Kentucky Promise Zone: Who is on your team?

If we were to create an archetypal team structure informed by the experiences of Downtown Teams in the Promise Zone as a starting point we would include the following members:

The above map illustrates the participants in the Downtown Teams. What representatives will be on the core team in your project? Who will the other partners be? Why were these partners selected?

While every type of member may not be present in a community, it is important to cast a wide net to include strategic partners who are committed to the process and willing and able to invest time, ideas or other resources to the effort.

While not explicitly noted in the Downtown Teams in the Promise Zone summary, the following members should also be considered: Regional Planning Commissions; Media; Youth advocates or School System; Neighborhood Associations; Realtors, Architects, Contractors, and Developers; Non Chamber affiliated Business or Building Owners; Religious Institutions; Law Enforcement/Police; Emergency Management Agencies; and Health and Human Service Providers.
